3) The registered teams participate in the competition on their own risk

- a) Before the start of the race the participating teams shall give a declaration in writing regarding accepting and keeping the competition rules and the instructions of the organizers.
- b) Participants shall declare that the construction does not cause any hazard for the human health and for the natural environment neither in static nor in working moving state.
- c) Participants shall declare that the drivers of the vehicles as well as their supporting team mates have not consumed any alcohol medicine or drugs neither right before nor during the race and they are not affected by these drugs.
- d) The members of the teams participating in the competition shall be fully liable for any damages caused to a third person.
- e) Organizers exempt their liability for any damages caused by participants or their vehicles during the competition.
- f) Organizers do not assume any liability for any accidents evidently not caused by the organizers.
- 4) We are going to give great publicity to the event by inviting of national and regional media representatives.
- a) The organizers are going to make an agreement with the participating teams for the appearance of the “racing cars” on latter professional events. The conditions of the agreement shall be defined separately for each team.

5) Further information:

- a) Vehicles participating in the race in 2009 and 2010 can enter the race in 2011 if they are rebuilt according to the new conditions and fully meet the requirements of the race 2011.
- b) The race is open for visitors.
- c) There will be an evening program with wine-tasting organized for the participating teams on the first day.
